Melbourne, FL—

### **“Energy & Ecstasy” Exhibition**

Esther Wertheimer a world renowned sculptor from Boca Raton, FL will show her vibrant flowing sculptures at the Fifth Avenue Art Gallery. Esther's work demonstrates a strong emphasis on family, love and graceful aspirations. Wertheimer's deep love of color has emerged into a collection of patinas which she coats her sculptures that are jeweled, toned, radiant and opalescent with flecks of light. These unique patinas give the appearance of glass although they are bronze and contribute to the wonder that Wertheimer instills in her work.

As the “Best of Show” winner in the 100% Pure Florida of 2009 with her sculpture “Madre Gambe Incrociate”, Esther Wertheimer will exhibit her sumptuous sculptures in the front room show during the month of June at the Fifth Avenue Art Gallery. Esther has demonstrated mastery in her skill throughout her life with countless awards. Her works are in many national, international and private collections.

The Brevard Museum of Art will host Esther Wertheimer from 2:00-4:00 PM, June 4th, for a lecture with slides on the "History of Sculpture".
