Press Release

I have just returned from Shanghai, China where I attended the Shanghai Art Fair supposedly for millionaires. Several months ago I was invited by the Shanghai Sculpture Space Museum where I represented Canada at a world sculpture exhibition. I had six of my sculptures accepted. Their purpose was to bring culture to the population in China via sculpture in the streets. Claiming that sculpture in the city was lacking.

I am now preparing for four upcoming exhibitions.

THE FIRST will be the Exor Gallery at the Royal Palm Plaza.

Mr. Josh Russo, the owner of the gallery, saw my colored sculpture. He was captivated and insisted I be part of his upcoming exhibition opening NOVEMBER 30th at 8:30pm. The address for the Exor Gallery is 291 via Narajas Suit 45A at the Royal Palm Place. His telephone number is: (561) 361-7474. I have also installed a large steel red sculpture outside the Exor Gallery. My other sculpture, which is 23 feet, can be seen at the Royal Palm Plaza in front of the Saporì Restaurant.

THE SECOND exhibition will be in Port St. Lucie at their newly completed facility "Port St. Lucie Civic Center" a 100,000 sq/ft multipurpose facility with a 2,000 sq/ft museum Art Gallery. I was very honored to be asked to be the first artist to display my sculpture at the opening on December 3rd. Thirteen of my sculptures will be displayed for one month starting at the beginning of December. Several years ago I won the competition to create and install my life-size bronze sculpture Born Free at the City of Port St. Lucie. Hopefully I will be doing a 2nd Wertheimer sculpture in their new Civic Center, which is now under discussion.

MY THIRD exhibition will be at the Boca Pointe Country Club where I will showcase many of my new colored sculptures. It is the seventh time

that the Boca Pointe Country Club is sponsoring one of my exhibitions. It will begin on Saturday, February 28th from 10am to 10pm and end on Sunday, March 1st from 10am. – 8pm. It is located at 7144 Boca Pointe Drive, Boca Raton, FL 33433. Jan McArt our guest of honor will be present at 11 am for the official opening.

For my **FOURTH** exhibition in February of '09, I have been invited by the Exor Gallery to the New York Art Expo '08 where the Gallery will have a large booth.

With all the excitement of my many exhibitions, I have also received a special delivery letter from Florence, Italy to inform me that I have been invited to participate in their upcoming **Biennale** a most honored and important World Art Fair.

I have also received an invitation to participate in Shanghai 2010 Art Exposition. Just coming back from Shanghai I saw the many blocks of streets all boarded up with designs on them announcing the 2010 Exhibition. Should be a big one! With the reputation of the Olympic Games 2010 exhibition will be a challenge!

I have just been informed that my sculpture “Airborn”, a mother holding her child up high will be installed in front of the newly built Port Saint Lucie Civic Center, a perfect example of a caring mother holding her child airborne. This is equated to the New Civic Center catering to its citizens who will be nurtured by all the activities planned at the Civic Center.
